■ Leah Gormly crafts jewelry inspired by art — most notably the works of avant-garde artist Gustav Klimt — and by a mosaic of music, architecture, fashion and nature. Many of her pieces remind us of the scenes along the mid-island ridges of Sanibel-Captiva Conservation Foundation trails. Although Gormly's sterling silver "Klimt Cuff" is not yet posted on her Web site at lmgandco.com, it may be ordered by contacting her directly at info@lmgandco.com or by calling (214) 549-3658.
